MEET THE TEACHER!

My name is Karina Laguna Agustin, and I am an educator from Mexico. I have 5 years of experience in the ECE field, and I continue to work in my professional career. I have a passion for working with children, supporting families, and more educators who share the same values and passion for this field.

Early childhood education shapes the future

- The first years of life are critical for brain development
- Children build social, emotional, and cognitive skills
- Teachers create safe, nurturing environments where children thrive

Impact:

- Stronger families
- Better academic outcomes
- Healthier communities

Why Early Childhood Education Matters

THE POWER OF A TEACHER

TEACHERS ARE MORE THAN EDUCATORS

Mentors

Role models

Emotional support systems

A great teacher can change a
child's life forever

RECOGNIZING EDUCATORS

Our teachers do an amazing job with young learners

- They teach with patience, love, and dedication
- They often go unrecognized

This scholarship is a way to say: "We see you. We value you."

UNDERSTANDING THE CHALLENGE

Transitioning from student to teacher is not easy:

- Expenses (graduation, certifications, materials, fees)
- Paperwork and requirements
- New responsibilities

I understand this journey, and I want to support it
